

# Post-doc Program in the Department of Mathematics and Statistics, IISER Kolkata

---

## Areas of hiring

- 1) Analytic number theory or Sieve methods
- 2) Commutative Algebra and Classical Algebraic K theory
- 3) Nonparametric/Robust statistics or Functional Data Analysis or High-dimensional statistics
- 4) Reliability theory

## Duties expected from a selected candidate

1. A selected candidate is expected to engage in active research work and collaboration with the host faculty is strongly expected.
2. A selected candidate shall actively participate in departmental research activities. These include departmental seminars as well as learning seminars and workshops in the respective research groups.
3. A selected candidate is expected to work as Teaching Assistant for some course (at least one course in a year is mandatory). This will be beneficial to them in obtaining a teaching recommendation letter for subsequent jobs as well as feeling more connected to the IISER system via student interactions.

## Important Information

Deadline for submitting the application: **March 26, 2022.**

Applications and recommendation letters are to be sent by the deadline to the following:

[dms.pdf.apply@iiserkol.ac.in](mailto:dms.pdf.apply@iiserkol.ac.in)
